## STUDENT SUPPORTING COMMENTS

-----

## RECOMMEND CLASS

For my major or for economics it is great to learn of a topic outside the box

## SUGGESTED IMPROVEMENTS

I think the class is fine as is. But maybe some students don't learn much because they keep their bias and go through the class thinking it's too bad I'm not poor so maybe more videos or excersizes for them to understand the people we learn about. More than just books

## RECOMMEND CLASS

very well structured course

Professor Adhia is a great professor who lets students know exactly what he wants so there is little chance for miscommunication. I would highly reccomend him as a professor

## RECOMMEND CLASS

This class demonstrates what an economics should be. it takes the theories and applies it to real life examples. Paired with a professor that is passionate about the material makes for a great learning environment and class. while the assignments and reading are long, plenty of time is provided and the assignments are relevant and worth the work.

## SUGGESTED IMPROVEMENTS

make all assignments available to students at the beginning of the semester. Also needing to buy a book for one assignment is a bit unnecessary. There are many other free books that could be helpful.
